

FEBD – COMISIÓN DE TWIRLING

Ref. 148/2012
Barcelona, May 22nd 2012

WORLD BATON TWIRLING FEDERATION

Mrs. Sandi Wiemers
President

Dear President,

Given the current situation, in order to avoid further obstacles in our relationship with the WBTF, we would like you to communicate the following:

The Board of the FEBD, at the meeting held last Thursday 17th, decided unanimously that Spain will not take part in the European Cup of Clubs next July in Hasselt, Belgium. Spain will not participate in any competition where the Catalan Federation is registered.

The main reason for us to take this sad decision is that Catalonia's participation in the competition makes impossible our participation. According our Spanish national Sport Laws, a Spanish Federation can never compete against a Regional Team.

We would like to reiterate our desire to become members of the WBTF, so we will be awaiting to know the results of the vote about our membership in it, that it is expected to be held next summer in Paris during the World Championship.

Please remind, finally, that only the Spanish DanceSport Federation, FEBD, could become the Spanish representative at the WBTF, since this is the Federation that integrates Twirling Sport in Spain.

Best regards,

Luis Vaño
President of the FEBD
